

Durkee Embroidery Hoops

\$67.95

Professional Embroiders around the World have made Durkee's 30cm x 15cm bi-directional hoop its best selling hoop due to its incredible versatility. The 30cm x 15cm can be used 30cm wide and 15cm deep or, 15cm wide and 30cm deep. Some of the most common uses include but are not limited to long narrow designs on bags, sleeves, pant legs, shirt yokes, and small jacket back applications. In response to frequent requests we are producing this same hoop in a narrower version.

We proudly introduce our new 30cm x 10cm bi-directional hoop! This new hoop has the versatility of its' larger companion hoop. It can be used 30cm wide and 10cm deep or, 10cm wide and 30cm deep. The narrower width allows the hoop to be used in projects such as straight leg jeans, shirt sleeves, many items of children's clothing and specialty applications such as the hand warmer center pocket on hooded sweat shirts...the applications are limited only by your imagination!
